

Homewood School & Sixth Form Centre

Learning • Respect • Belonging

8th February 2012

Dear Parent/Guardian

I am writing to let you know that we are going to provide your son/daughter with a Revision Guide to support their Double Science course. The recommended retail price for these guides is £12 so we hope that you will encourage your child to look after and use them. This will be a great resource for your son/daughter to use at home and in school as they work through the different topics and it will also help them with answers for homework and preparation for their end of topic tests and exams.

Although we have been able to supply this resource, we would gratefully appreciate any donation that you may wish to make to help support us with this. We are able to purchase the guides for £4 each through educational suppliers.

In addition to helping with topic answers and preparation it will also be a great help for your son/daughters **mock examination** which will take place in the **week of 30th April**. The mock exams will be on the same topics as their summer examinations.

Your son/daughters examinations will be:

9x band	Core Chemistry (CH1)	Friday 15 th June 1.15pm
	Additional Biology (BL2)	Monday 21 st May 9.15am
9y band	Core Physics (PH1)	Wednesday 20 th June 9.15am
	Additional Biology (BL2)	Monday 21 st May 9.15am
9z band	Core Biology (BL1)	Tuesday 12 th June 9.15am
	Additional Biology (BL2)	Monday 21 st May 9.15am

This is the topic they are currently studying and the one they will be studying until May 2012.

They will also be doing two pieces of controlled assessment work within school over two different immersion days in July each piece could count to 25% of their final GCSE Science grade. One piece will count towards their core science grade and one towards their additional science grade.

Yours sincerely

Mrs M Batey
